

Program's project:

- Plenary session
 «Power Efficiency- Reboot 2.0. Innovations. Digitalization. Quality. Safety»
- Round table
 «Digitalization in heat- and power-supply. Goals and instruments»
- Conference
 «Intelligent autonomous systems in energy-saving»

Organizer: Science-Expert Union under support of Ministry of industry and trade of Russia.

- Session
 of **North-West Department of the Science-Expert Union**
 Topic is under discussion
- Round table
 « Innovations help to increase reliability and safe of domestic energetic»
- Round table
 «Innovations for Northern regions of Russia»
- Round table
 «Prospects for recreating the production of power gas turbine plants in the Russian Federation»
- Round table
 «Improving management in the fuel and energy complex»
- Round table
 «Actual issues of development, design and implementation of innovations: Design in heat and gas supply»
- Scientific-practical conference
 «Smart Gas: Safety. Quality. Energy Efficiency»

Organizer: Gas-Club

- Scientific and technical seminar
 «Protection of companies and plumbing market from counterfeit»

Organizer: Magazine TPA, «Il'ma Ltd»

General sponsor « Il'ma Ltd»

- Scientific-practical seminar
«Water treatment and water disposal: modern requirements, technologies, equipment»
- Scientific-practical seminar
«Concession agreements - practical aspects of preparation, conclusion and implementation. Experience. Hedges. Perspectives»
- Round table
«Centralized and distributed energy. Integration issues. Local Low Calorie Fuels»

Organizer: Section «Energetic» NTS St. Petersburg; NICEB RAN

- Round table
« Advanced lighting technologies for industrial enterprises and the fuel and energy complex»

Organizer: Belteco LLC – Salon « Industrial Lighting»

We will be glad to hear your suggestions. We invite you to take part in our events as an exhibitor, a speaker or / and as a listener, a visitor.
