

X INTERNATIONAL CONGRESS

«POWER EFFICIENCY. ENERGY-SAVING. IT TECHNOLOGIES. ENERGY SECURITY. ECOLOGY»

Registration is open at the reception desk № 68-80 of the following exhibitions: «ENERGY-SAVING», «BOILERS AND BURNERS» and «Ros-Gas-Expo»

6 October, Tuesday

Event	Programm's project	Time	Halls
Plenary session	<ul style="list-style-type: none">• «ENERGY TRANSFORMATION AT THE MODERN STAGE. PROSPECTIVE DIRECTIONS. PERSONNEL TRAINING»• «Future-proof energy efficiency solutions for transformation energy. Energy saving programs»• «Complex integrated power supply systems»• Intelligent electric transport systems <p>Energy Institute named after G.M. Krzhizhanovsky; Russian Technological University (RTU MIREA); Institute of Energy Systems L.A. Melenteva; PJSC «Rosseti», etc.</p>	10.30-13.00	Red Hall
Scientific and practical conference			
	<ul style="list-style-type: none">• Solemn ceremony dedicated to the opening of exhibitions and the beginning of the Congress• Presentation of awards in connection with the 100th anniversary of the adoption of the GOELRO Plan and the 90th anniversary of the establishment of the «Energy Institute named after G.M. Krzhizhanovsky».	13.00-13.40	Stage
Scientific and practical conference	<ul style="list-style-type: none">• «Information and digital technologies in the design, construction and operation of facilities»	14.20-18.00	Red Hall

Off-site open meeting	<ul style="list-style-type: none"> • «Training of personnel in the conditions of transformation of the energy industry» 	14.20-17.00	Green Hall
Section meeting	<ul style="list-style-type: none"> • «Topical issues of personnel training taking into account modern challenges» 		
Scientific and practical conference	<ul style="list-style-type: none"> • «The contribution of young professionals to improving energy efficiency and safety of the energy industry» 		
Scientific and practical seminar	<ul style="list-style-type: none"> • «Concession agreements and energy services are the most important mechanisms for the implementation of energy saving projects» 	14.20-18.00	Blue Hall
7 October, Wednesday			
	<ul style="list-style-type: none"> • «Energy, environmental and epidemiological safety of St. Petersburg» <p>Expanded meeting of the section «Energy» of the Scientific and Technical Council of St. Petersburg jointly with the Joint Scientific Council on Energy Problems of St. Petersburg Scientific Center of the Russian Academy of Sciences</p>	10.20-13.00	Red Hall
Scientific and practical seminar	<ul style="list-style-type: none"> • «Smart Gas: Safety. Quality. Energy efficiency» <p>Organizer: SPTEK Gas Club</p>	10.20-13.00	Green Hall
Scientific and practical seminar	<ul style="list-style-type: none"> • «The influence of environmental factors on the quality of life of the population: problems and ways to solve them» 	10.20-13.00	Blue Hall
Scientific and practical seminar	<ul style="list-style-type: none"> • «Advanced technologies for LNG production» 	14.20-18.30	Red Hall
Scientific and practical seminar	<ul style="list-style-type: none"> • «Digitalization of commercial metering of energy carriers» <p>Organizer: Consortium «Logic Teploenergomontazh»</p>	14.00-18.00	Green Hall

Round Table	<ul style="list-style-type: none"> • «Topical issues of development, design and implementation of innovations: Design in heat and gas supply» <p>Moderator: Paley E.L., General Director LLC PKB Teploenergetika, member of the Council of AS «SRO» Engineering Systems – Project»</p>	14.00-17.30	Blue Hall
8 October, Thursday			
Off-site open meeting	<ul style="list-style-type: none"> • Scientific and expert Council for monitoring the implementation of legislation in the field of energy, energy saving and energy efficiency under the Working Group of the Federation Council • «Prospects and problems of the development of small-scale production of liquefied natural gas (LNG) in the domestic market of Russia» 	10.00-15.00	Red Hall
Round Table
